

ODF T405 prefab

Artikelnummer

11404300-11404594

ODF T405 prefab

Vår populära ODF T405 i prefabricerat utförande medför snabb och smidig installation i stativ eller skåp i 19" utförande samt i ETSI-stativ med tillbehör. Genom att kombinera Tykoflex expertis på tillverkning av fiberkapslingar samt Micropols expertis på prefabricering får man det bästa av två världar. Levereras alltid 100 procent kontrollerade samt med bifogat mätprotokoll. Utrustad med transparenta dustcaps som underlättar om felsökning skulle krävas. ODF:en är även utrustad med metallrör vid intaget för att skydda fibern från yttre påfrestningar. Tuberna som används i installationen är av transparent sort för att färgkodningen skall gå att se igenom. Ingen svets i ODF:en minskar risken för eventuella dämpningar och som även de skyddas med metallrör. Varje våningsplan motsvarar 1,5 höjdenheter (units).

Dustcap

Transparenta dustcaps underlättar felsökning.

Fanout (obruten fiber)

Ingen svets i ODF vilket minskar eventuella dämpningar och som skyddas med metallrör.

Krympslang

Utrustad med metallrör för att skydda fibern för yttre påfrestningar.

Kabel

Märkesoberoende.

Transparenta tuber

Genom att använda transparenta tuber ser man färgkodningen

Siffermärkta tuber

100% kontrollerade

Mätprotokoll bifogas alltid vid leverans.

Dimensioner:

Djup: 330 mm

Bredd: 435 mm

Höjd: 1 våning 64 mm

2 våningar 123 mm

4 våningar 240 mm
