

Pole Cabinet T340

Part no.

11214441

Pole Cabinet T340

- Pole Cabinet T340 is developed and designed for storage of excess length in a protected and structured manner, to safeguard that the minimum bend radius never is undercut. The pole cabinet T340 is also developed to uphold good ventilation and drainage in various types of aerial installations.
- Cables can be connected from top or bottom of the pole cabinet, or both.
The top and bottom of the pole cabinet hold four cable inlets up to 40 mm in diameter and eight inlets up to 18 mm in diameter, of which four could be used for Midspan.
- Overhead blown cables, Underground cables, Micro cables and Air-blown fibre single or multi ducts can be connected and spliced in Tykoflex own developed Multicassette. A total of four Multicassette can be mounted in the pole cabinet, two Multicassette are included at delivery.
- The Pole cabinet comes with two slide rails, in total there is space for four slide rails with strain relief, which enables movement of about 22 cm on the incoming cables in the specifically designed slide rail.
The cabinet is lockable and comes with "screwdriver" lock which is replaceable to a key lock.

- Two pieces of "French wooden screws" are supplied for mounting the pole cabinet on a wooden pole.
- Versatile connectivity
- Protected storage of excess length
- Lockable
- Two Multicassettes are included
- Two strain relief kits included
- Strain relief for overhead duct
- Micro duct holder 64x5 mm

Capacity:

A total of 20 cable entries

Mounting:

Ideal for pole and wall mounted applications.

Dimensions (includes pole mount):

Height: 650 mm

Width: 340 mm

Depth: 170 mm

Material:

Galvanized steel polyester

Colour:

RAL 7037 dark grey.

Weight:

17 kg
